

ACTION CAR . . . The Subaru, a new Japanese-made mini-car selling in the United States for less than \$1,300, is being handled exclusively in this area by Tom Roody Dodge of Gardena. The Subaru 360 shown here features reclining bucket seats, padded dash, rear-view mirrors, back-up lights, and deluxe trim. The new mini-car will get as much as 66 miles to the gallon of gas.

Supervisor Evaluates Committee

Supervisor Kenneth Hahn's drive to pare down the number of County Advisory Commissions and Committees this week turned to the County Watershed Commission.

The 34-member commission is composed of representatives of foothill cities, county officials, and five members at large — one appointed by each supervisor.

Its duties are listed as advising governmental agencies on ways to prevent forest fires.

Hahn has asked the Chief Administrative Officer to meet with the commission and report within four weeks on what it has accomplished and what it is seeking to accomplish.

"It seems to me that this commission should be abolished or new objectives established to make it worthwhile," Hahn said.

Hahn acted after learning that only two representatives of the Board of Supervisors — Arnold Eddy and Jack Berman — regularly attend the commission meetings along with County Fire Chief Keith Klinger, Flood Control Chief Walter Wood, and William Dresser of the U.S. Forest Service and M. E. Salsbury.
